TERMITRUST IS AUSTRALIA'S TRUSTED NAME IN PEST CONTROL PROVIDING SAFE AND RELIABLE SOLUTIONS FOR HOMES AND BUSINESSES FOR OVER 20 YEARS

SKILLED AND PROFESSIONAL TECHNICIANS

Our technicians take the time to properly inspect and resolve your pest problem. They are dedicated to providing a friendly, courteous service and helpful advice.

We are trained in pest biology, breeding habits and the appropriate methods for treating or eradicating all pests. This includes handling and applying treatments safely and effectively.

LOCAL EXPERIENCE WITH NATIONAL SUPPORT

There is no substitute for local knowledge when it comes to pest control. Our expert technicians are experienced in treating pests in your local area.

You have the benefit of a local service centre with the backing and support of the national Termitrust Pest Control network.

TARGETED TREATMENTS

When you have a treatment with Termitrust we explain exactly what we are using, how it works and the precautions you can take to avoid or minimise further problems.

We only use registered products which are specific to your pest problem and these are applied at approved rates and strengths.

HELPFUL CLIENT LIAISON

Our knowledgeable and helpful customer liaison team understand your time is valuable. We will work closely with you to arrange a convenient time for your pest service and then ensure our technician arrives promptly.

We provide obligation free, no pressure quotes.
